

“Managing Your Money and Credit Workshop” Class Available

Housing Opportunities Made Equal (HOME), who provided home ownership tips during our Caring and Sharing Housing Committee Community Conversation in early August, is willing to offer a “Managing Your Money and Credit Workshop” class at Second Baptist. The class is focused on how to better manage your budget, debt and credit. Topics covered during the class include setting financial goals, creating a spending plan, understanding the credit scoring process, correcting errors on credit reports, and avoiding predatory lending. The 90 minute class would be offered in the evening, likely during the last two weeks of October. We need a minimum of 10-15 people to schedule the class. If you are interested, please contact the Caring and Sharing mailbox at 2BCCaringandSharing@gmail.com to sign up. Please leave your name, contact number, and email. You can also contact any member of the Caring and Sharing Housing Committee. Thank you.
